<p class="MsoNormal" style="text-align: justify">Since 1978, the organization of the company in Dong Nai honeybees marked a new development of bee keeping industry in Dong Nai. Because, from here, in the province of Dong Nai has necessarily an enterprise specializing in production and business organization, investment, provision of equipment and materials, science and technology for bee keeping and processing products for export. By 1999, implement the policy of the Government's equitization, the company honeybees Dong Nai has officially been transformed into joint stock company in Dong Nai honeybees Decision No. 545/QD-CT.UBNDT, 12 -- 2-1999 of the PPC.</p> <p class="MsoNormal" style="text-align: justify"></p> <div style="text-align: center"></div> <p></p> <p class="MsoNormal" style="text-align: justify">Corporation honeybees Dong Nai with trade name is APIDONA, currently headquartered at: 143 Pham Van Thuan, Thong Nhat Ward, Bien Hoa city, Dong Nai. Immediately after the first start and especially since the transfer to joint-stock companies, the issue of quality and prestige, company always put first. Therefore, in recent years, although the world economy be affected by many changes of the economic crisis in the U.S. and the countries of Asia-Pacific while the export companies in the country were difficult by the intense competition from other countries in the world, but production - Business Dongnai Honey bee Corporation is very stable.
Special thanks to information processing market prices promptly and regularly organized guidance, support and coordinate well with bee farms in the direction of clean to ensure safe, high quality, so the production honey export products of the company are always accepting the world market, including strict markets with the most strict requirements for quality products such as the North American market, EU and Japan. Particularly in the last 5 years, annually Dong Nai honeybees Corporation export market these countries about 2800 Mts honey and 100 Mts beeswax, the export turnover of about 5.0 million per year.</p> <p class="MsoNormal" style="text-align: justify">In addition to exports, in recent years, Dong Nai Honey Bee Corporation also interested in producing large quantities of specific products such as pure honey, crocus honey,royal jelly, pollen ... to provide for the demands on the domestic market.Now, labor force primarily in Dong Nai Honey Bee Corporation very compact: only 35 people, but has created are invited sustainable relationships with over 450 beefarms and create jobs for more than 2,000 workers in rural areas, contributing to great economic - in the local society.</p> <p class="MsoNormal" style="text-align: justify">In the future, to ensure the raw materials to meet export demand, the company will continue to identify investment and development of strong
